Intervention And Referral Services

I&RS is a school-based student assistance program available at every East Greenwich Public School.

Through the collaborative efforts of parents, teachers and I&RS Team members, help is provided to students who are experiencing learning, behavior or health difficulties.

The I&RS Teams include parents, teachers, principals, nurses, school counselors and other professionals, as resources, if required.

The I&RS Team mission is to identify and collect information about the learning, behavior or health issues that impact a student's success and develop and implement an individualized plan that provides for appropriate school and community interventions

For assistance in accessing I&RS Teams, contact your child's teacher.

Intervention And Referral Services

I&RS is a state mandated multidisciplinary team which designs, implements and monitors intervention plans for students experiencing learning, behavior or health difficulties.

Services Provided by I&RS

- ▶ The I&RS Team coordinates the access to and delivery of school resources to identified students.
- ▶ The I&RS Team develops intervention plans for students in need.
- ▶ The I&RS Team assists faculty who are having difficulties in addressing a student's learning, behavior or health needs.
- ▶ The I&RS Team maintains ongoing contact with parents, faculty and students.
